ABOUT US

Breakthrough Greater Boston is a **year-round, academic enrichment program** for Cambridge students offered at **no cost** to students and their families. We offer an exciting curriculum and small classes taught by trained college students. Students **must apply during sixth grade** and **make a six-year commitment** through middle and high school.

OUR COMMITMENT TO DIVERSITY

Breakthrough Greater Boston increases educational equity by closing opportunity gaps for students and diversifying the teaching force. We strive continually to make Breakthrough a welcoming and inclusive community for people of all identities, backgrounds and beliefs.

MIDDLE SCHOOL PROGRAM

SIX-WEEK SUMMER PROGRAM

Academics

During the summer, students take five classes: Literature, Math, Science, Social Studies, and Writing. Each class is aligned to what students will be learning in the next grade. Students participate in hands-on activities, complete thoughtful homework assignments, and summarize their learning in final projects.

Student Growth in Math and Reading

Most students lose about two months of learning in Math or Reading over the summer. Breakthrough students consistently make gains over the summer.

In Summer 2019, Breakthrough students saw two to three months of growth in Math and Reading in just six weeks.

Special Events

Throughout the summer, Breakthrough hosts several Special Events that add to what students are learning in the classroom. Students are challenged to work together, to think critically, and most of all - to have fun. Here are some examples of our Special Events below:

Math Olympics

The Math Olympics are a series of hands-on, competitive activities designed to reinforce important math skills. Students are challenged to work together and practice their problem-solving skills.

College Challenge Day

On College Challenge Day, students participate in challenges that encourage excitement about college and the college application process. 9th Grade students go on a field trip to visit a local college/university.

Camping Trip

The Camping Trip is a fun opportunity for the Breakthrough community to experience the outdoors, unplug from technology, and learn more about ourselves and each other. During the Camping Trip students enjoy a Talent Show, Scary Stories & S'Mores, and structured team-building activities.

Community Novel

Each summer, Breakthrough staff, teachers, and students join together to read a great novel as a community. Here are some of our previous Community Novels:

- *Shadowshaper* by Daniel José Older
- *57 Bus* by Dashka Slater
- *Patina* by Jason Reynolds
- *Dear Martin* by Nic Stone

SCHOOL YEAR PROGRAM

After School Program

During 7th and 8th grade, Breakthrough Greater Boston students attend our once-a-week After School Program where we offer homework support, hands-on academic workshops, and community building activities.

Advocacy

Throughout the school year, we have frequent communication with families, classroom teachers, and administrators. We are focused on the academic, social, and emotional growth of every student. Each family will have a check-in with Breakthrough staff to share ideas and concerns and set goals.

Additional Academic Support

Breakthrough Greater Boston works directly with students and families to create individual plans to help students who are looking for additional academic support build study skills, get organized, and improve their academic performance. Supports include individual or small group tutoring and connecting with school and neighborhood-based academic resources.

TEACHING FELLOWS

Talented and diverse college and high school students serve as teachers in our Summer Program and After School Program as part of our unique students teaching students model. Teaching fellows receive 500 hours of training and classroom experience in one Breakthrough summer.

Over 70% of our teaching fellow alumni go on to pursue a career in education.

HIGH SCHOOL PROGRAM

Breakthrough has a lot to offer in high school once students complete the Middle School Program, they become a part of our High School Program where they continue to receive academic support.

In **9th and 10th grade**, students attend regular programming and explore career interests.

In **11th and 12th grade**, students and families will receive support with college and scholarship applications as well as financial aid forms.

Below are some of the colleges and universities our students have matriculated to:

Bucknell University

Hampton University

Rochester Institute of Technology

University of Massachusetts - Amherst, Boston, and Lowell

Wellesley College

College of the Holy Cross

Northeastern University

University of Hartford

FREQUENTLY ASKED QUESTIONS

WHAT HAPPENS DURING OUR PROGRAM?

During the Summer Program, located at **Cambridge Rindge and Latin School**, students take five classes: literature, math, social studies, science, and writing. Our social studies courses are electives designed by our teachers. Past examples have included Student Led Revolutions, Immigration in America, and Sports in Society. Every day includes time for fun activities, mentoring, homework help and an assembly called Community Meeting. Students also participate in Special Fridays or field trips every week, from camping in tents to doing a math scavenger hunt. During the After-School Program (also at CRLS), students participate in Science, Technology, Engineering, Arts and Math (STEAM) based workshops, attend field trips, and receive help on their homework.

WHO IS BREAKTHROUGH LOOKING FOR?

Breakthrough students want to achieve academically, plan to attend college, and are ready for a challenge! Breakthrough students are motivated, hard-working, positive community members, open to new ideas and experiences, and excited to make new friends. Breakthrough students also have a demonstrated area of need that may be an obstacle on the path to college. If this describes you, you might be a Breakthrough student!

ARE FOOD AND TRANSPORTATION PROVIDED?

Breakthrough provides breakfast, snack, and lunch every day during the summer and snacks during the school year. We also provide transportation for all students to and from the summer and after school program.

WHAT IS THE COMMITMENT?

Accepted students must make a commitment to the full six-year program. They are **required** to attend for six weeks during the summers before 7th, 8th and 9th grade, and one afternoon a week of after-school sessions throughout 7th and 8th grade. After completing these requirements, students enter the Breakthrough High School Program, where they receive academic support, connections to enrichment opportunities, and help with college applications.

Applying to Breakthrough is a very competitive process. Our team reviews and considers every part of a student's application. While you may or may not be admitted, going through the application process will be a valuable experience. Only complete applications will be considered for admission to the program. If you have any questions about the application process, please contact Valerie Coimbra.

Directions for Completing the Student Statement

- Complete all questions **independently**. You may brainstorm your answers with a teacher, but all answers must be your own work.
- Write in complete sentences and do your best to **fill in all of the lines** for each question. Breakthrough wants to see your best writing!
- Write this statement clearly in blue or black ink. Please do not use pencil.
- You can type your responses and attach a separate page if you prefer.
- You can attach additional pages if you need more space for your essay.

1. What is your favorite subject in school? Why?

2. What is something that you struggle with or that is challenging for you in school? Why?

3. What is the most interesting thing you have learned about, inside or outside of school, in the last year?

4. What is your favorite book? Why?

5. Describe a time when you did something difficult or outside of your "comfort zone." What was the outcome? What did you learn from the experience?

6. How much time do you usually spend on homework each night? _____

7. My homework at school is (please check one):

- ☐ too easy
- ☐ too hard
- ☐ just right

8. Breakthrough students take classes and are required to complete up to 2 hours of homework during the summer program. Explain why you are willing to do academic work during the summer.

9. What will you be doing in 15 years? How will a good education help you get there?

10. Breakthrough teachers invent their own Social Studies courses to teach at our summer program. Invent a class that you would like to take at Breakthrough. Come up with a creative title and write a three-sentence description.

Examples from past summers:

- Women's History
- What is "Fake News"?
- Black Lives Matter in Social Media
- Where Does Food Come From?

Course Title

Description

11. Is there anything else we should know about you? (Optional)

ESSAY

In 3-5 paragraphs, tell us why you want to come to Breakthrough. Please answer all three of the following questions:

- Why do you want to be a Breakthrough student?
- What are your goals and how will Breakthrough help you achieve them?
- What will be your greatest challenge in attending Breakthrough?

Remember: This should be your best work! We encourage you to write a first draft or an outline on a different piece of paper and then write your final draft below. You can continue on another piece of lined paper if you need more space.
